

RULES

The POLISPORTIVA NUOTO MONTEFELTRO (the "Organization") is organizing of KNIGHT RACE, foot race with obstacles. The event will take place July 15th, 2017 and there are two race: 15 km competitive and not competitive and 7 Km only non-competitive, with the presence of natural and artificial obstacles, mixed terrain on paved and dirt road, open to all, men and women aged over 18 years, in possession of a valid medical certificate (see below specifications).

PATH AND OBSTACLES

The total length of the route is about 15km. The route will include the barriers between natural and artificial. The map will be published on the official route www.knightrace.it site. In addition to the dexterity, skill in climbing, jumping, swimming, it will be essential also the running speed to complete the competition. The track can also include crossing ditches, woods, rough terrain, with woods, trunks or roots, wires or cords, debris or surface rocks. The risk of tripping and falling is constant. The Organization wishes to highlight that during the overcoming of obstacles, as well as all over the race track, they can cause injury and / or accidents. Moreover, the dangers may be caused by falls of participants involving other competitors. We recommend, therefore, to adjust your gait to the terrain, the visibility conditions, the type of hurdle and crowding of the travel path.

Because of the number of participants, the visibility of the ground of race is not always assured. In this case, it is forbidden to participants (mudder) to continue at maximum speed. And 'required to reduce the speed to adapt to the terrain and to the visibility conditions. Approaching every obstacle the participant must pay close attention to the information boards present and the instructions of the staff running the obstacle. Detailed information on the course and its obstacles will be available on the official website of the event.

STROKE, RULES AND DISQUALIFICATION

The obstacles are in the path to test participants. The race is open to competitive and non-competitive participation.

The manner in racing Participants will leave for the first in a group reserved for them and will be equipped with a chip for detecting the travel time.

For participants for running in competitive manner obstacles need to be overcome and not bypassed. If an obstacle is not passed or is bypassed the test cannot be considered to be positive and you will have a penalty on their own time. The same principle applies in the case of unfair behavior or unsportsmanlike or unethical. Participants in the non-competitive race will be equipped with chips that lap, but the race will not be competitive. CES attendees not competitive will have to assess the obstacle and its ability to overcome before proceeding to attempt to overcome the obstacle itself.

The organization adheres to the ethical charter of the sport of Tuscany Region that promotes fair play and mutual aid. The staff of the Organization will monitor the path and obstacles, so check that the race continues smoothly and within the rules. In case of non-regulation behavior of workers can report the number bib to the organization and the competitor, while concluding the test, it will be disqualified. The path and the obstacles are designed in such a way as to minimize the wait in front of each obstacle. However, in case of waiting, the Organization expects every mudder behave fairly and politely. Recall that the "KNIGHT RACE" is an obstacle course and dangerous, and the participants Mudders Security is the top priority of the organization, for this may result in waiting time to longer than expected obstacles.

The organization reserves the right to change the route or close individual hurdles at any time. Each participant is required and encouraged to behave in a fair and sporting, such as helping others mudder overcome obstacles. The Mudder help each other and only the loyal mudder are true Mudder!

ENVIRONMENTAL SUSTAINABILITY

The Organization and its partners comply with environmental sustainability in all aspects of their business. For this, all participants and persons involved in the event are required to protect the environment. Compliance with legal regulations related to the environmental sector is an essential condition to be able to attend the event. This concerns mainly waste management, soil conservation, water conservation and pollution control. They will be set up specific containers for separate waste collection and all participants are from now invited to actively participate in recycling. It will also set up a service of the shoe collection.

PICK NUMBERS AND RACE

The race numbers and start bags can be collected at the Village Knight Race on race day or in other ways that will be communicated. The village will open the event in the morning from 8:00 to 12:00. The numbers can also be collected from third parties with written authorization and a photocopy of an identity document valid. The race number is strictly personal, it cannot be tampered with and is not transferable to anyone.

TIMING AND TIME LIMIT

Participants in the race will be equipped with a chip for the detection of their race time, on the basis of the measured time will be drafted an order of arrival. Time measurement and processing of incoming orders will be carried out by an electronic system, and the failure to return the transponder chip will result in a charge to the participant.

The time limit is 2 hours, after this time the organization will not guarantee complete security of the race and will not continue timing. Each mudder that he could not abide by this restriction will be recorded as "NOT Completed" in the results list. In any case, the race can be completed by all mudder that will cross the Arrival Zone within the hours 16:30.
